

ARNO 1200 SLIMLINE LEFT HANDED BASIN

Product	ARNO 1200 SLIMLINE LH CAST BASIN
Basin Size	1206w x 370d x 150h
Basin Code	37.3559

- Cast Basin.
- Integrated overflow requires slotted waste.
- This basin is designed to sit directly onto a 600mm slimline basin unit, with a 600mm slimline unit situated under the wing and is supplied with an upper panel cutting template.

CAST BASINS

The core ingredient of our Cast Marble basins is Dolomite Marble which is formed through volcanic action. The rock is milled and purified before being mixed with polymer resin formed into the required shape and then coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

The result is an extremely durable and easy to maintain product coupled with the benefit of constant sizing and smooth finishing that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option. Cast basins have a sharp and ultra modern structured appeal to them.

ARNO 1200 SLIMLINE RIGHT HANDED BASIN
